

I am opposed to overturning the New Jersey Do not call law.  
We have this law because we, the residents of New Jersey  
wanted it and want to keep it . A person should be able to enjoy  
their home and dinner in peace, which was not the case before  
the law went into effect. Before this law we rarely ever sat down  
to dinner without someone calling to sell something. Since the  
law we can now enjoy our meals and home in peace and quiet  
and want to keep it that way.  
Thank you for your consideration in this matter.

Ralph G. Schwoebel
